### DETROIT TO KEEP OLD TIME WHEN CLOCKS ARE SET BACK

Detroit official timepieces will tick along without interruption when the clocks of the rest of the country are set back one hour on October 26, in conformity with the provisions of the expiring daylight savings law.

The city council under the terms of an ordinance just adopted has decreed that Eastern Standard shall be retained as the official time for the city.

Some confusion is expected to result for a while owing to the fact that railroad time and that throughout the State will be one hour slower than official time. Detroit, however, instituted Eastern Standard time some years before the Federal daylight saving law was enacted, and its proponents declare the confusion will be short-lived.

### SENATE ACTS ON THE PEACE TREATY.

WASHINGTON, Oct. 3.—At last reaching the stage of action in its consideration of the peace treaty, the Senate swept aside in quick succession Thursday 36 of the 45 amendments which had been written into the document by the Foreign Relations Committee.

The smallest majority recorded against any of the amendments was 15 and the largest was 28. All of the amendments considered had been introduced by Senator Albert B. Fall, New Mexico, Republican, and were designed to curtail American participation in European settlements resulting from the war.

Of the nine amendments still to be acted on, six relate to the Shantung section, two propose to equalize voting power in the League of Nations, and one would limit American representation on the Reparation Commission. In the absence of a definite agreement for disposition of these proposals, Senate leaders thought that the debate might extend for several days before another roll call is taken.

Throughout the day's voting the Democrats presented a solid front against the amendments except for Senators Thomas P. Gore, of Oklahoma, and Charles S. Thomas, of Colorado. On the other hand, lined up against the first committee proposal to be considered, and most of them stood with the Democrats on all succeeding roll calls. A number of them announced they were for reservations which they believed would cover the same ground without endangering the treaty.

At adjournment treaty advocates declared themselves to be elated over the day's work, and opposition leaders also were claiming a victory on the showing made for their amendments.

They mustered a maximum strength of 31, which, with absentees would be sufficient, they declared, to insure the treaty's defeat unless satisfactory qualifications are accepted. Thirty-three negative votes on the final roll call, they pointed out, would make impossible for ratification.

There were only four roll calls, all the other amendments being voted down by acclamation. The first record vote stood 30 to 58 against an amendment to eliminate the United States from representation on the commission to adjust the German-Belgian boundary. The Senate went on record, 31 to 56, against withdrawing from the Sear Basin Commission; 28 to 53 against refusing to be a party to the agreements affecting Czechoslovakia, and 31 to 46 against precluding this country from the Upper Silesia settlement.
